TERMS OF REFERENCE FOR STRATEGIC PLANNING

1. INTRODUCTION

The constitution of the Republic of South Africa (1996) provides the national overarching framework for the work of all government departments in South Africa. Chapter 7 outlines the objective and mandate in respect of local government. According to the Municipal System Act (MSA) 32 of 2000, a municipality must undertake developmentally oriented planning to ensure that it strives to achieve the objects of local government set out in the constitution.

Furthermore, Chapter 5 of the MSA 32 of 2000 requires municipal councils within a prescribed period after the start of their elected term to adopt a single, inclusive, and strategic plan for the development of their municipalities which:

- Links, integrates and coordinates plans and considers proposal for the development of the municipality.
- Aligns the resources and capacity of the municipality with the implementation of the plan.
- Forms the policy framework and general basis on which annual budgets must be based.
- Complies with the provisions of this chapter 5 of the MSA; and
- is compatible with national and provincial development plans and planning requirements binding on the municipality in terms of legislation.

It is in line with these legislative requirements that Dikgatlong Municipality is seeking a service provider to conduct strategic planning sessions and produce a Draft plan for the municipality.

An IDP as a strategic plan of a municipality sets out an institution's policy priorities, programs, and project plans for a period of five (5) years approved by council, based on the scope of available resources and capabilities.

2021/22 is the final year of implementation of the 4th generation IDP. As we are on our last year of implementation, it is imperative that we start planning for the new generation IDP 2022/23-2026/27. The strategies and plans of Dikgatlong Municipality must be formulated in such a manner that they address the National 5 Key Performance Areas

namely: Basic Service Delivery; Local Economic Development; Municipal Institutional Development and Transformation; Good Governance and Public participation and Municipal Financial Viability and Management.

The crucial focus of strategic planning must be in the production, result and impact of the municipalities to its communities. The strategy must also consider the operational problems such as institutional finance, supply chain management, disaster management, information systems, planning and development, administration, and human resources as strategic priorities if it is intended to facilitate performance improvement.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Municipal Bidding Document (MBD) must form part of all bids¹ invited.

- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

- 3 Municipal Supply Regulation 38 (1) prescribes that a supply chain management policy must provide measures for the combating of abuse of the supply chain management system, and must enable the accounting officer, among others, to:
 - a. take all reasonable steps to prevent such abuse;
 - b. reject the bid of any bidder if that bidder or any of its directors has abused the supply chain management system of the municipality or municipal entity or has committed any improper conduct in relation to such system; and
 - c. cancel a contract awarded to a person if the person committed any corrupt or fraudulent act during the bidding process or the execution of the contract.

- 4 This MBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (MBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
